

TANIA DUTTA

BTech CSE Student

tania.dutta.official@gmail.com | linkedin.com/in/tania-dutta | github.com/taniadutta06

SUMMARY

Motivated and enthusiastic Computer Science & Engineering student with a strong foundation in JavaScript, HTML, CSS, C, and C++. Passionate about web development and problem-solving, with hands-on experience building responsive and interactive web applications. Continuously improving Data Structures & Algorithms skills in C++ and eager to contribute to innovative software development projects through internships and collaborative learning.

PROJECTS

Sentence Translator

- Built a multilingual text translation web application.
- Integrated a translation API for real-time language conversion.
- Added input validation, error handling, and a responsive user interface.
- Technologies: HTML, CSS, JavaScript, Node.js, Express.js

QR Code Generator

- Designed a web application that generates QR codes from text and URLs.
- Implemented instant QR generation with a clean and user-friendly interface.
- Technologies: HTML, CSS, JavaScript

Weather App

- Developed a responsive weather application that displays real-time weather information for any city.
- Integrated a weather API to fetch live temperature, humidity, wind speed, and weather conditions.
- Implemented city-based search with error handling for invalid locations.
- Designed a clean and user-friendly interface with responsive layouts.
- Technologies: HTML, CSS, JavaScript, Weather API

Student Result Generator

- Developed a responsive web application to calculate total marks, percentage, CGPA, and pass/fail status.
- Implemented subject-wise mark validation and instant result generation using JavaScript.
- Designed an intuitive interface for seamless user interaction and accurate academic performance evaluation.
- Technologies: HTML, CSS, JavaScript

Currency Converter

- Developed a web application to convert currencies using real-time exchange rates.
- Integrated an Exchange Rate API and designed a responsive, user-friendly interface.
- Technologies: HTML, CSS, JavaScript, Exchange Rate API

EDUCATION

Bachelor of Technology (B.Tech)

2024 - 2028

CGC University, Mohali

- Computer Science & Engineering
- CGPA: 7.45

KEY SKILLS

Programming Languages

- Java
- JavaScript
- C
- C++

Tools & Platforms

- Visual Studio Code
- Git
- GitHub

Web Technologies

- HTML5
- CSS3
- JavaScript
- Responsive Web Design

Currently Learning

- Data Structures & Algorithms (Java)
- SQL

EXPERIENCE

Video Editor – NSS Branding Team

- Edited promotional videos and event highlights.
- Coordinated media coverage during university and social service events.
- Created engaging digital content for awareness campaigns and student activities.

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Communication
- Time Management
- Adaptability
- Quick Learner

LANGUAGES

- English
- Hindi
